

 doorway

About Us

At Doorway, we don't just build composite doors - we engineer entrances that inspire. Backed by decades of industry know-how, we're redefining quality with cutting-edge design, precision manufacturing, and a bold commitment to what's next.

Step into the future with Doorway.

The Doorway range reimagines classic design with a modern edge. Featuring timeless silhouettes, deeply defined mouldings and authentic woodgrain textures, these doors bring the charm of traditional craftsmanship into today's homes. Whether you're restoring period character or adding warmth to a contemporary space, the Doorway collection offers enduring style for every homeowner.

Features & Benefits.

Thermally efficient by design...

- Doorway composite doors offer significantly better U-Values than any other composite doors on the market
- Minimal maintenance alternative to a traditional door
- Outstanding thermal performance and minimal thermal expansion
- Robust design for enhanced security and peace of mind
- Made with smooth or grained high quality GRP skins that ensure minimal delamination or damage
- Largest range of door styles, colours and glass options on the market giving you thousands of combinations

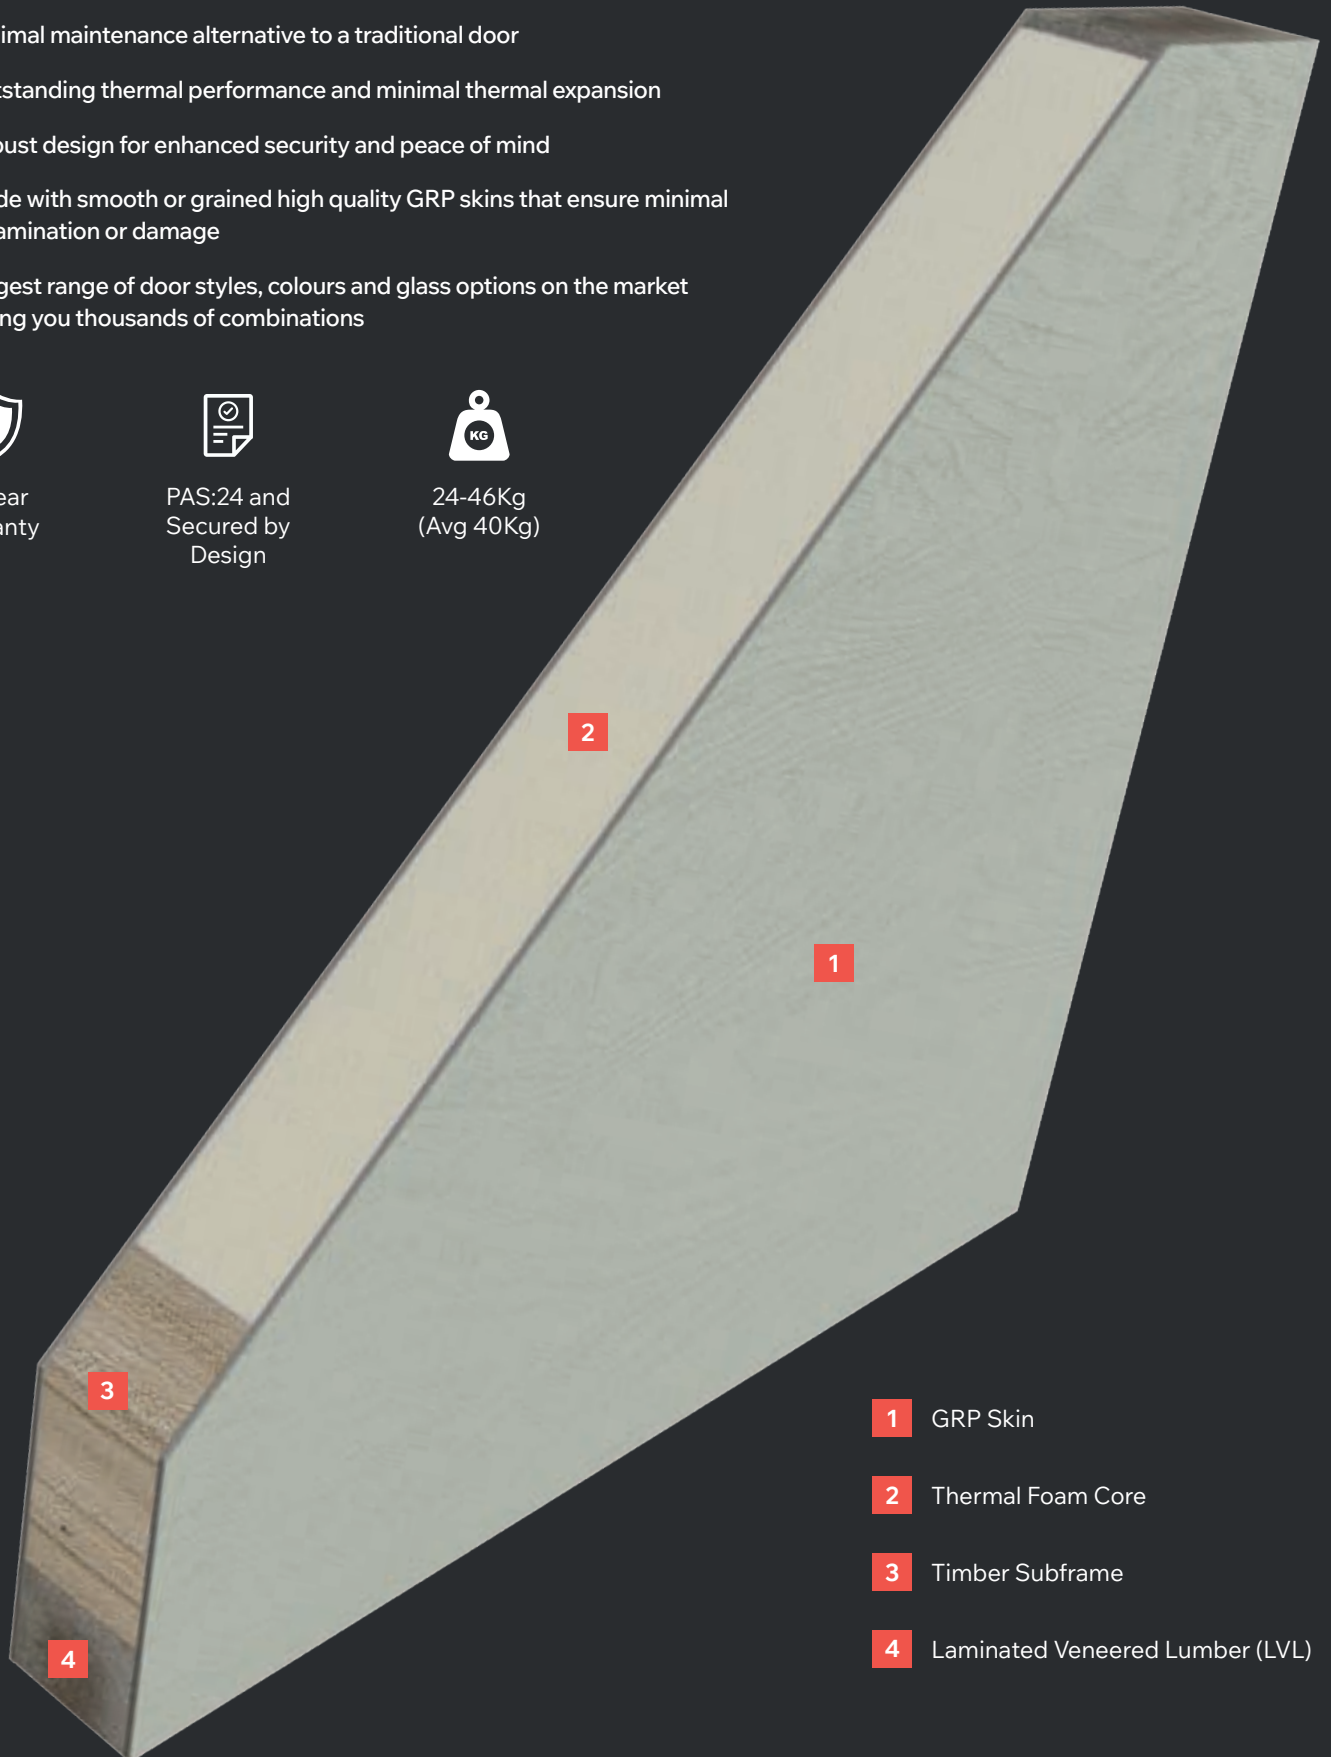

10 Year
Warranty

Standard Colours

A range of 9 external colours with white interior as standard. Coloured both sides is a cost option.

Premium Colours

* Some RAL colours containing luminous elements are unavailable

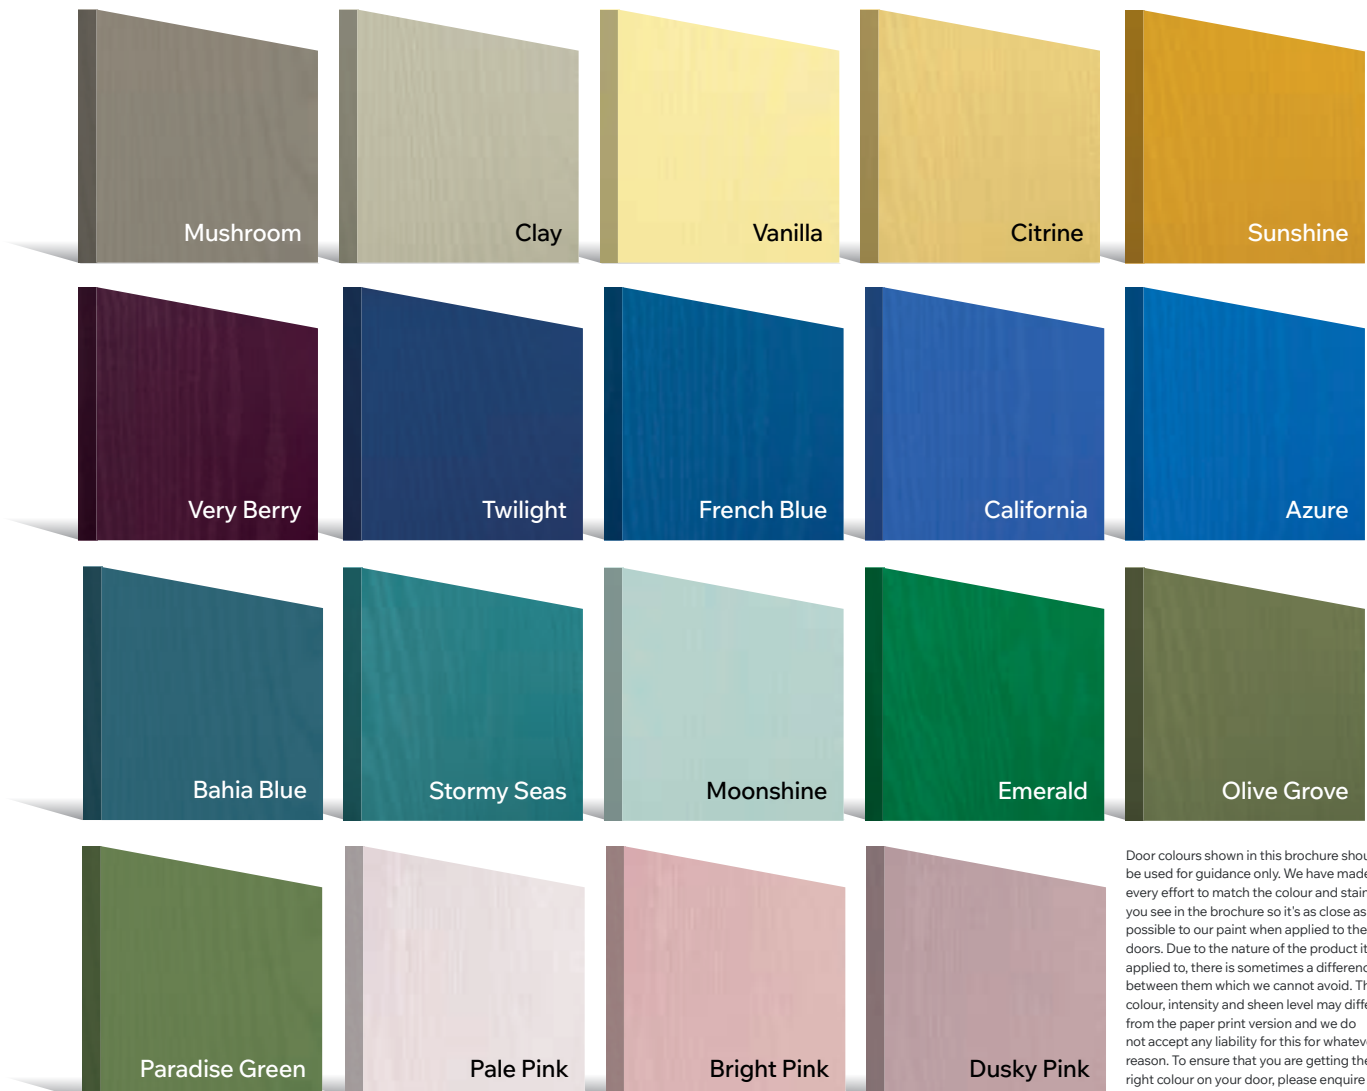

PAiNT allows us to colour match anything...

Yes. Anything.

With our high-performance paint technology we can offer any colour door you desire.

PATiNA

An exciting range of 6 patina colours are available exclusively on the Monza II, Eaton, Knightsbridge, Tatton, Gleneagles, Oulton, Grove and Kings door styles.

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, please enquire about a colour booklet.

MiniDoor™

by  doorway

Made for homes with history, our new MiniDoor range of doors are crafted for homes where standard simply doesn't fit. Designed with period properties and cottage proportions in mind, each door is made from solid timber to deliver strength, durability and a refined finish, without compromising on character.

A considered solution for smaller openings, built with the same care and quality you'd expect at any size

**Small in Size.
Solid by Nature.**

ULTION | Sweet

Guaranteed to look great. **For 20 Years.**

6 layers of armour

Sweet carries multiple coatings of brass and nickel, ensuring it always looks great, even after being hammered with salt water for over 8000 hours. That's an incredible 30x more time than required for the flagship EN 1906:2012 corrosion standard.

Cycle test champion

Not all door handles have their build quality tested in a cycle test. But those that do hope to achieve the accreditation standard of 100,000 cycles. Ultion Sweet was still opening and closing doors after 360,000.

Why we chose Winkhaus

To deliver the highest levels of performance, durability, and security from every doorset, we've chosen Winkhaus as our locking hardware partner.

Renowned for precision German manufacturing, exceptional reliability and innovative security solutions, Winkhaus products help us to ensure quality that lasts, with advanced locking solutions that work seamlessly for our installers, and home owners alike.

autoLock AV4

Secure, convenient, reliable

- **Instant security**
The door locks automatically every time it closes
- **Low force to operate**
Ideal for users of all ages and abilities, and stays easy to operate all year round
- **Precision engineered durability**
Minimises wear on components to extend product life, tested to 100,000+ cycles
- **Design choice**
Centre or Heritage key way versions for design flexibility without compromising functionality
- **Peace of mind for your customer**
Reliable, easy to use, high security locking solutions

Thunderbolt

5-point deadbolt locking as standard, for security and peace of mind

- **2 x Twin 20mm throw deadbolts**
Full engagement with the keep to resist forced entry
- **Robust centre latch and deadbolt with heavy-duty steel keeps**
Heavy duty hardware for maximum security and strength where it matters most
- **Designed for tough conditions**
Ideal for both high-traffic and high-security settings
- **Precision engineered durability**
Minimises wear on components to extend product life, tested to 100,000+ cycle
- **Breadth of Range**
Lever/Lever, Lever/Pad and Key Turn (KTA), with KTA available in Standard and Heritage Option

AV4 Daytime latch

Flexible entry, without the use of a key

- **Simple to use**
With just a flick of a switch
- **Come and go with ease**
Prevents auto locking whilst activated

Nano Protect Coating

Exceptionally high corrosion resistance that lasts for decades

- **Highest resistance class as standard**
Grade 5* corrosion resistance for long-lasting performance
- **Scratch-resistant for everyday use**
Exceptionally durable coating

3-Star Security

Uncompromising security, precision and quality

- **A 3-Star solution you can rely on**

All images portrayed in this brochure should not be reproduced without specific written permission from the original owner of the artwork. Images, designs and colours are for illustrative purposes only and may differ when manufactured. We reserve the right to amend or withdraw any products within this brochure without prior notice. Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, you can order colour swatches from your supplier.
